Lethbridge, AB T1H 2J1

May 3, 2023

City of Lethbridge  
910 4 Ave. S.  
Lethbridge, AB T1J 0P6

Dear City of Lethbridge Council Members:

Southwest Alberta Road Safety Society is a group of individuals comprised of agencies and volunteer members from Alberta Health Services: Population Health Promotion Program, Alberta Motor Association: School Safety Patrol, Brain Injury Relearning Services, Blood Tribe Police and Blood Tribe Recreation Services, Claresholm Municipal Enforcement, Coaldale Municipal Enforcement, MD of Willow Creek Municipal Enforcement, Ridge Regional Public Safety Services, Cardston Municipal Enforcement, Savoy Six Advisor Group, Taber Police Service and Taber Municipal Enforcement. This group of individuals and volunteers are experts and trained professionals in their fields who work towards creating safe roads and environments in our communities around Southern Alberta. We work to educate children in schools around bike safety and pedestrian safety and educate adults and parents around proper seatbelt use, car seats and speed limits in our communities.

Our group would like to unanimously show support to the City of Lethbridge in harmonizing school and playground zones to create a safer community and commute for residents of Lethbridge. We know that harmonizing school and playground zones can decrease speed and collisions and a single consistent zone can help residents remember when and where they are in effect.

We strive to ensure the communities of Southern Alberta are being as road safe as possible and look forward to supporting Lethbridge make these positive community changes as well.

Kind regards,

Andrea Klassen  
SARSS President
